

THINK THEY CAUGHT HEAD OF THE GANG

WISCONSIN COUNTERFEITERS ROUNDED UP.

Police Think the Man Captured At Ashland Was the Leader of An Organized Crowd of Bogus Money Makers—Some Other News of the Badger State.

Ashland, Wis., Feb. 10.—Julius Williams was arrested here on a charge of passing counterfeit 1896 silver dollars. He was examined and bound over to the circuit court. In his person was found fifty spurious dollars. Later he confessed to having defrauded citizens of Superior before coming here. The officers found papers on him giving his residence at Duluth, and the police there were notified. Last evening the Duluth police telegraphed that they had located Williams' residence and discovered a complete outfit for counterfeiting, dies, metal, chemicals, etc. It is thought that Williams is a member of an organized gang of counterfeiters, who are working in Northern Wisconsin.

Death of Captain Spinks.

Milwaukee, Wis., Feb. 10.—The funeral of Captain Henry B. Spinks was held this afternoon. Captain Spinks died at the Knapp sanitarium. He was one of the oldest of the lake captains, and was widely known. He came to this city forty years ago, and while here sailed the schooners C. D. Norris, J. W. Brown, John Miner and the Swallow. He left the lakes in the early '70s, because of his failing health. His wife died many years ago. He had gone to the sanitarium but recently, up to that time living with his daughter, Mrs. Clement Hackney.

MAY ABSORB THE "OMAHA."

Another Rumor That the Northwestern Road Will Buy the Line.

New York, Feb. 10.—Persistent reports of a coming union between the Chicago & Northwestern and the Chicago, St. Paul, Minneapolis & Omaha railways, are in circulation in Wall street, but for every new outbreak of the story there is abundant denial by those interested in the roads. Vice-President Sykes, who represents them both in this city, said emphatically that so far as he knew the question had never been contemplated, even remotely, by the officials of either company, and that the discussion of it had always been dismissed with the conclusion that the physical relations of the two roads were so harmonious that a financial union was wholly unnecessary. Referring to the business on the Omaha, Mr. Sykes added that the Northwestern had paid quite heavily in the early 80's for its holdings of Omaha and until recently had never had a dollar of direct return, bending its energies wholly to putting the road in sound condition for economical working. This has brought the property to a condition as good as could be found in the west. The O. & N. W. Co. uses the Omaha rail from Elroy to St. Paul.

NAMES ON THE ROLL OF DEATH

Mrs. Frederick Vandewater.

A few days ago, Mrs. Frederick Vandewater went to Chicago to undergo a surgical operation in hopes of saving her life. The operation was not successful, however, and death followed. The remains were brought to Janesville this noon, by the bereaved husband, who was with his wife when death came.

The news of the death of Mrs. Vandewater came as a painful surprise to Janesville people, as it was not generally known that she was ill. For some time, however, she had been suffering with a malady for which an operation was the only remedy. Recently it was decided that the time to act had come. Mrs. Vandewater was then taken to Chicago, where the operation was performed by a noted specialist, the family physician, Dr. Chittenden, assisting. She did not rally, however, and last evening a telegram was received announcing her demise.

Mrs. Vandewater was a universal favorite in Janesville, and her sad death will be widely mourned. She was married to Mr. Vandewater—vice president and treasurer of the Wisconsin Carriage Top company.—at Whitewater, where they resided previous to coming to Janesville.

She was the youngest daughter of Mr. and Mrs. Benjamin Etheridge, and her mother survives her.

The remains were taken from the depot direct to the home, 206 Ravine street.

The funeral will be held from the Ravine street home tomorrow afternoon at 2:30 o'clock, the interment to be in Oak Hill.

Funeral of Louis Johnson.

The funeral of the late Louis Johnson was held from the Anderson home-stead in the town of Janesville, this morning at 10 o'clock and from the Norwegian Lutheran church at 11:30 o'clock, Rev. O. V. Kraie officiating. The interment was at Afton.

The thaw has hurt the logging interests.

Discovery of Steam as a Motive Power

In 1543 a mechanic who had for many years puzzled and experimented on the subject, brought to the attention of Emperor Charles Fifth, of Austria, an invention by means of which ships could be propelled by steam. The monarch was greatly impressed and would no doubt have become the patron of this great invention, but one of his prime ministers, evidently jealous of the attention the inventor was receiving, so worked upon the mind of the emperor that his interest in the invention was quite destroyed. In 1641 a man was put into a mad house because he persistently followed some of the great men of his country about, declaring that he had discovered a new motive power that would revolutionize the machinery of the age. Many countries and people have claimed to be the discoverers of steam as a motive power, but these accounts, which are well authenticated, seem to settle the question finally.

ELEVEN ARE DEAD AT PITTSBURG

Bodies Are Being Taken From Ruins.

THAT NUMBER HAD BEEN FOUND AT NOON.

Many People Are Missing and It Is Thought That Others Are Still In The Ruins—Two Sons of the Owner of the Ice Plant Lose Their Lives In the Flames—The Killed and Injured—Loss a Million

Pittsburg, Feb. 10.—[Special]—At noon today eleven bodies had been taken from the Chautauque Lake Ice company's building.

The Dead.

SCOTT, WILLIAM, son of the president of the ice company.
BERRY, JOHN, lieutenant of police.
SIPE, a boy spectator.
Dwyer, JOHN
LOVELESS, GEORGE
UNKNOWN MAN,
WALLRABERSTEIN, WILLIAM
HANNA, JOSEPH
SCOTT, JOHN son of the president of the ice company, and brother of William.
ROSAMOND, ROBERT.

The Injured

SIMON, CHARLES, a traveling salesman from Cincinnati, badly cut on head.
FLEMING, WILLIAM, squeezed by falling raft; may die.
MALONEY, DANIEL, carried through to the cellar, but dug his way out; he is hurt internally.
WILSON, CHARLES, bridge builder; badly hurt and cut internally.
DESMUK, WILLIAM, a puddler; head and shoulders badly cut.
DESMUK, MARY, his wife; hurt internally.
STEWART, DAVIS, badly cut on head.
BROWN, CAPTAIN J. A., building inspector; both legs broken.
Twenty-two people are known to have been injured, and four of them will die.

Many Are Missing.

A large number of people are missing and it is thought that there are many more bodies in the ruins. The fire started about ten o'clock last night, and at 11:15 an explosion of whisky occurred which blew out the Mulberry alley walls, with terrible results. The alley was full of firemen, policemen, newspaper men and others. Many were caught by the falling wall.

Many people were injured by flying bricks and beams and all the ambulances and patrol wagons of the city were in constant service. The loss will be a million dollars, and is covered by insurance.

A. P. A. MEETS IN MILWAUKEE

State Convention of the Secret Order In Session.

Milwaukee, Feb. 10.—The state convention of the American Protective association met in Liberty hall on Fourth street yesterday, and after a short preliminary, went into executive session. In the afternoon officers were elected. Dr. W. C. Young of Oshkosh presided and there were about sixty delegates from the state present. This number was increased at the afternoon session by the attendance of the representatives of the Milwaukee councils.

Among the subjects discussed was that of taxing church property. It is also reported that the order will exert itself at the next session of the state legislature to secure the enactment of laws to prohibit the commitment of children by the courts to institutions supported by churches. "We think," said Asst. Dist. Atty. Bell, "that the commitment of children to the House of the Good Shepherd and kindred institutions is unconditional and we shall endeavor to have it so declared. The A. P. A. today has a more substantial and united body of men working for the success of its principals than ever before."

Melancholy Example.

"You here again?" said the man of the house. "There's no excuse for such fellows as you. This is a year of prosperity." "Yes, sir," humbly responded Tufford Knutt, drawing the back of his hand across his nose, "but I'm one of these fellows that can't stand prosperity."—Chicago Tribune.

DE LOME'S RECALL IS DEMANDED

President Sends Official Notice to Madrid.

THE SUGGESTION WILL BE ADOPTED BY SAGASTA.

Spanish Government Will Acquiesce—Has Twice Sent His Resignation But It Has Not Been Accepted—Intimation Is That If the Offending Diplomat Is Not Sent For Soon He Will Get His Passports

Madrid, Feb. 10.—[Special]—The cabinet has decided to recall Minister DeLome, accepting the president's suggestion.

Washington, Feb. 10.—[Special]—All Washington is discussing the De Lome letter. It was announced today that the president had personally demanded the recall of Minister DeLome, and that the Spanish government would acquiesce.

Minister DeLome has twice sent his resignation to his government, but it has not been accepted.

Sagasta, however, has assured Minister Woodford, at Madrid, that DeLome would be recalled in disgrace for his disparaging criticism of President McKinley. A cablegram from Minister Woodford to that effect was received today.

The sentiment among people who know, is that if Minister DeLome is not recalled at once, the United States government will at once give him his passports and warn him to leave the country as soon as possible, as the government would thus renounce all responsibility for his safety while on American soil.

The genuineness of the letter is no longer questioned here. Feeling against the minister of the Dona is strong and people are indignant at his double dealing.

Canalejas Gave Letter Up.

Washington, Feb. 10.—[Special]—A dispatch to The Sun from Madrid says that Dretard Canalejas, to whom DeLome wrote the letter criticizing President McKinley purposely allowed the document to be stolen. It is believed that DeLome will challenge him to a duel as soon as he reaches Spain.

Not Published in Spain

Madrid, Feb. 10.—[Special]—Minister DeLome's letter was not published here, and therefore, but few people are aware of the trouble. The Herald hails with delight DeLome's possible retirement as Spain's ambassador to the United States.

Guard Minister Woodford.

Madrid, Feb. 10.—[Special]—An extra guard has been placed around Minister Woodford's home as it is feared that the DeLome incident may result in violence.

Blanco To Resign.

Madrid Feb. 10.—[Special]—General Blanco is expected to resign. He is discouraged with the failure of his efforts to buy peace of the insurgents.

TALK OF NEW LAWS TO PROTECT GAME

THE RESULT OF THE CHICAGO CONFERENCE.

The Representatives of Several States Get Together With the Ideas of Making All Regulations On that Point Uniform—Some of the Chapters Suggested.

Janesville sportsmen have been much interested in the interstate fish and game conference this week. It was generally stated that if the legislatures of Illinois, Wisconsin, Minnesota and Michigan, which were officially represented at the meeting, would be guided by the findings of the delegates, the game laws of the north-west would be nearly ideal. One member from each of the states which were officially represented at the meeting by legislative committees was given a place on the committee which will have charge of the piloting of the uniform game law measures through the various legislative halls. It includes Senator J. H. Green of Wisconsin, A. S. Lakey of the National Bird, Game and Fish Protective association of Kalamazoo, Charles E. Felton of Illinois, and S. F. Fullerton of Minnesota. Representative George E. Bowser of Fargo, N. D., and E. H. Shorb of Ohio were also given places on the committee, although present at the conference in an unofficial capacity.

Against Spring Shooting.
One of the recommendations made by the convention, which is likely to cause some talk in shooting circles, was a resolution against the practice of spring shooting.

Following is a summary of the resolution adopted which will be embodied in the bills which it will be attempted to pass in the several states:
By Representative Douglas of Minnesota: That a license tax of twenty-five dollars upon non-resident deer hunters, similar to the law of Wisconsin and Michigan, should be adopted by all the northwestern states.

By Attorney Whelan of Madison, Wis.—That a law be passed by all the northwestern states declaring all game the property of the state where same is found, before and after the killing, and that no one shall acquire any property right in game, but it shall always be and remain in the state, subject to such laws as the different states shall pass.

By Deputy Game Warden Brewster of Michigan—That the legislature of Michigan—That the legislature of the northwestern states be urged to enact a statute making it unlawful to ship into any of their respective states any game from any other state which forbids the shipment of game out of the state.

To Label Packages.

By Mr. Whelan of Wisconsin—That the legislatures of the states represented at the meeting be urged to pass laws requiring persons to label packages delivered to common carriers so as to disclose the true contents of the packages and the name and residence of the owner and consignee, providing stringent penalties for falsely labeling such packages. That legislatures be urged to pass laws providing penalties for any agent, servant or employee of a common carrier who receives a package for shipment which is labeled so as to disclose that the contents of the package are game or fish protected by law.

By Mr. Fullerton of Minnesota—That the legislatures of the states represented be urged to enact laws by which the game wardens of each state shall be the agents of every other state and that the title of such fish and game be recognized in the state from which the shipment is made and disposed of according to the provisions of the law in that state. The game wardens to transmit to the authorities of the state from which the shipment is made the surplus remaining after the expense of seizure.

Two States Not Represented.

By State Game Warden Bortree of Illinois—That the convention is of the opinion that the cold storage of wild game is one of the most conducive methods of assisting in the utter extermination of game and should be prohibited by the most stringent laws.

By Mr. Foote of Michigan—That the deer season should open on the first day of November of each year and continue for twenty days inclusive, with five days to dispose of game.

In view of the fact that the states of North Dakota and Iowa were not officially represented at the convention the president was instructed to confer with the proper authorities in each of the states mentioned with a view to obtaining their co-operation in the movement for uniform game laws.

FANNY RICE COMES TOMORROW

Will Be Seen at the Myers Grand in "The French Ball."

America's funniest comedienne, clever Fanny Rice, appears at the Myers Grand, Friday evening, in the great laughing success entitled "At the French Ball." This entertainment is declared to be a veritable cyclone of novel features, merriment and music, and by far the best thing that clever Fanny Rice has ever done. A noted critic has gone on record as saying: "Fanny Rice has no equal. She is simply irresistible. She is a comedian in the same light that Nat Goodwin and Sol. Smith Russel are comedians. She bubbles over with fun and her fun has a positive dynamic force that takes you by the collar and shakes a hearty laugh out of you, whether you will or not. She inspires the play with the spirit of her own personality until everyone on the stage and in the audience is a Fanny Rice in different degrees, and the great charm of it all is, that, throughout the performance, while the fun is at its wildest, there is nothing pert or hoydenish in her acting; on the contrary, she makes manifest a native modesty and delicacy that wins and holds submissive a genuine admiration. She is a thorough artiste in every sense of the word."

NEWS FROM OUR NEIGHBORS.

South Clinton News.

South Clinton, Feb. 10.—Miss Emma Smith spent a few days at her Cooper house last week. Clarence Smith went Clintonwards last Friday night to attend a meeting of his Sunday School class with his teacher, Mrs. Covert. Christian Newhouse has been confined to his house with pneumonia. Dr. Covert was called to L. T. Nelson's Saturday morning. Mr. and Mrs. E. L. Benedict, Mrs. Andell, Mr. and Mrs. W. E. Dresser, Ed Patch, and Mrs. Carrie H. Dresser all went Clintonward in one load last Friday evening, the occasion being a meeting of their Sunday School class with their teacher, Mrs. Jennie Covert. E. C. Benedict entertained Mrs. Benedict's Sabbath school class a few evenings ago, and last Tuesday they also had a pleasant company. Mrs. Patch is spending a few days in Clinton. The milkmen have a hard time of it these days. Ed Porter and Mr. Gilbertson both got stuck just west of Oas. Dresser's last week. The prayer meeting which was to have been held at W. E. Dresser's last Thursday evening, and was not held because of the roads, will be held there in two weeks if the roads will permit. Mrs. Jacket has been spending a few days in Beloit. Mrs. Jacket has been having a siege of the grip. She was expected home Wednesday, to remain for a week or so.

Emerald Grove Items.

Emerald Grove, Feb. 10.—The Sunday school concert at the church, Sunday evening, was a complete success. Considering the short time for practice and the distance the children had to come, and the condition of the roads, made rehearsals almost impossible. They did credit to themselves, however, to a marked degree. In spite of the bad weather, a good congregation was in attendance, and the collection was liberal. F. Coulter shipped a car each of hogs and cattle to Chicago, Monday. The Ladies' auxiliary filled their ice house, Tuesday. Gillies & Jones receive subscriptions for nearly all papers and magazines. Philo Kemp is constructing a corn shredder which is simple and practical. The soft weather of Monday and Tuesday settled the snow about one-third. Traveling on the highways is rather dangerous.

Barkers' Corners Gossip.

Barkers' Corners, Feb. 10.—The Ladies' Aid Society will meet with Mrs. E. A. Hardy next week, on Thursday. The funeral of little Lella Baybort was held at St. Mary's church in Janesville this week, on Monday. Walter Kimball of Delavan, is here to attend the Schibley and Thompson wedding. Lizzie Hodge has brain fever. Dr. Mills is in attendance. Hog cholera has broken out in this vicinity again.

South Turtle Gossip.

South Turtle, Feb. 10.—Mr. Gilbertson has had some pretty tough experiences hauling milk through the snow. And still they are after the wolves. School in the Murray district keeps up in numbers in spite of the snow. Rose Blaser was home for a few days. Frank Crockett was among the lucky ones who was invited to meet with Mrs. Benedict's Sunday school class in South Clinton. Oas. Gault and others have done some effective work in helping to open the roads.

The Greatest of All Gifts

There is no gift to be compared with health. None realize this like the sufferer from some chronic or long-standing disease. To such the gift of renewed health is priceless. And yet it is within the reach of all such sufferers. The great specialist in the cure of all forms of nervous and chronic diseases, Dr. Greene, 148 State street, Chicago, Ill., famous the world over for his wonderful cures, has decided to give consultation and advice hereafter free. Remember, sufferer, that you can write him a description of your case and he will return a carefully considered letter, fully explaining your disease, giving advice, etc., without charge of any kind. Write today and health will be yours.

SOFT SPELL COMES IN NICK OF TIME

MANY PEOPLE HAVE FEARED A FLOOD.

Now That At Least a Portion of the Snow Will Melt, There Is Less Danger—City Cleans Out Gutters and Drains—Roads Are Very Bad.

People who have been worried for fear that the deep snow would all go off at once instead of melting gradually, were glad of this "soft spell." At 7 o'clock this morning several gangs of men with shovels and picks went to work in several sections of the city clearing the gutters and culverts of snow, ice and dirt, so that the water would run off. Street Commissioner Palmer says that in many portions of the city the sidewalks are under water and that the residence portion of the town is in a far worse condition than the business section.

The snow in the country is said to be nearly four feet on the level, and the roads have been almost impassable. One farmer who came to town a few days ago with a load of hay, said he had to drive three miles before he found a place in the road where he could turn around. The thawing weather has made the roads worse if anything, as the snow is now soft and slushy.

Tobacco growers are happy as the damp weather has made it possible to handle leaf again.

HEIMSTREET TALKS OF BOYS

Says They Are Brighter Now Than They Used to Be

Secretary E. B. Heimstreet of the State Board of Pharmacy, in speaking of the examination held in Milwaukee yesterday, said: "The boys are brighter than they were five or ten years ago. I ought to know for I have examined over 3,000 of them since 1882. Formerly two years of work under a druggist was sufficient for the passing of the examinations, but now it is different. The boys appreciate the fact, and they come here better prepared. A person who is familiar with this work can tell in five minutes what chances any particular candidate has of passing the examination. One of the candidates is taking the examination for the sixth time. That boy has the stuff of which heroes are made."

FARMERS ARE BUYING CORN

Local Grain Buyer Says There Seems to be A Shortage.

Rock county farmers are buying corn for their own use. A shortage of this farm product seems strange in this section but nevertheless such is the fact.

"You wonder why it is that more corn is not being brought to Janesville these days," said a local grain buyer yesterday, "the farmers themselves are in several instances buying of their neighbors. I guess many farmers off towards Johnston and Whitewater who seem to make a specialty of raising live stock are the ones doing the buying."

THEY MAY STAY AT SEATTLE

Janesville Men May Decide to Take Up Land

Messrs. Close, Boyes and Brown, who left Janesville a few weeks ago for Seattle with the intention of either going to Klondike or remaining in Seattle, are now chopping wood on Lake Bay not many miles from Seattle. One of the party says that they can get 160 acres of land there for the nominal sum of \$14. The property, they say, is all unimproved and a man must improve it and live on it a certain length of time before the property is his. All three may take up claims and send for their families.

Baking Powder Special.

To introduce Perfection baking powder Sanborn will make a special price on Friday and Saturday of 25c per pound can. The regular price is 30c per can and the special is for Friday and Saturday, the two days only. We have given the chemical analysis of the three great baking powders made in our large space several times, not to fill up space has it been published but to show the real value of Perfection over others. It is the purest powder made and we know that you will decide in favor of it after one trial. Take advantage of the reduction we make Friday and Saturday.

Healed the Wound

Abscess Was Lanced but Would Not Heal Until Hood's Sarsaparilla Purified His Blood—Now a Healthy Boy.

"My little boy had a large abscess on one side of his head, back of his ear. It became as large as a pint cup. We had it lanced, but it seemed as though the wound would never heal. It would get better for a short time and then would break out again. The boy's body was covered all over with itching pimples and blotches. We decided to give him Hood's Sarsaparilla, and, to our great joy, it has entirely cured him. He was always a weak and puny child, but since taking Hood's Sarsaparilla he is strong and rugged, and as healthy a boy as anyone could wish to see." T. L. JONES, Bluffton, Minnesota. The Way A Corset Is Made

has everything to do with its comfort, appearance and wear. The W. C. C. Corsets are made of good material, and are flexible. That's the foundation of success. Easily adapted to any form, and if the wearer were melted and poured into one, it could not fit better. Their flexibility makes them fit perfectly, makes them comfortable. There is no corset made which will give the same amount of satisfaction, wear and beauty for the price.

ARCHITECTURAL DESIGNS

DUTCH COLONIAL COTTAGE.

Modern Ideas and Improved Methods on Ancient Lines.
[Copyright, 1897, by George Pailser, 32 Park place, New York.]

In these times of knowledge the modern generation, being the youngest, is in reality the oldest, as it has all the works of past ages to profit by and consequently easily surpasses its predecessors in learning. And no school can afford to forget the past ages that have taught us, since all conclusions reached are verified by the broad hand of experience. Architecture is now ascending a high plane, and, based

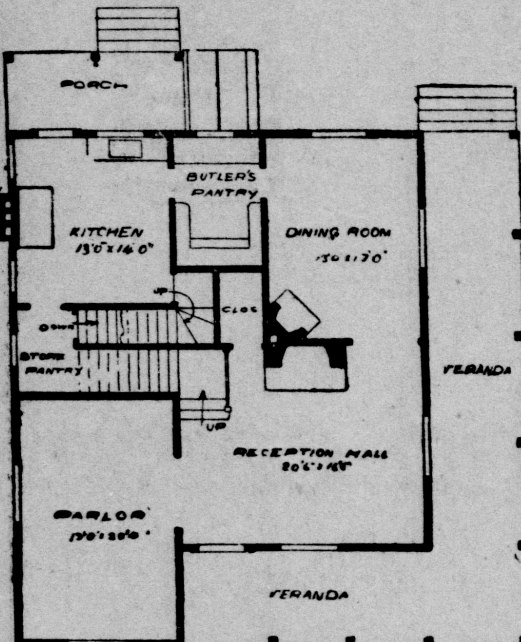

PERSPECTIVE VIEW.

on methods of a further acquisition of knowledge, it is fair to assume it will go forward with the most possible exactness pertaining to the highest fitness of things.

In past ages the builders were governed by conditions that were hard to overcome, and the simplest forms had to be adopted in order to conserve the requirements of climatic influences and the crudest of materials. These conditions led to honesty in construction, and truthfulness of expression; common sense and sound logic held the day.

When the gambrel roof was brought forward in the Dutch colonial days, it was the simple outgrowth of the times and the resources then obtainable.

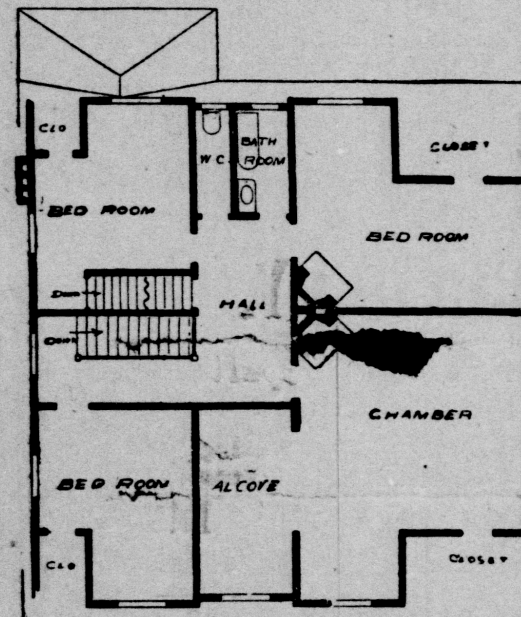

The study of what was achieved by our forefathers under such conditions gives us

FIRST FLOOR PLAN.

today, with our adequate resources as to materials and our methods of improvement furnished through mechanical ingenuity, such increased capacities that we actually wonder at ourselves and what we accomplish. The Dutch colonial style embodies all that is desirable when space and economy are the watchwords, and for the simple cottage suited to the woods, rocks and pleasing backgrounds of country districts it is pre-eminently ahead for picturesque effect and greatest unity.

The design here shown is of the simplest order of this style, the exterior being the envelope inclosing a most sensible plan, replete with all the home comforts and conveniences. The building is of frame, 35 by 42 feet over all, with shingle finish

SECOND FLOOR PLAN.

throughout. The cellar is of stone, 7 feet deep; first floor, 9 feet; second, 8 feet 6 inches in clear; front and rear stairs. A furnace heats the whole house. The finish is of simple form, in natural wood, stained and varnished. The whole is one solid, sensible unit and a home of the most desirable kind, where simplicity and common sense go hand in hand, and, although the form is of bygone ages, the method is of today. Truth becomes consistent, and the connection between the past and the present is complete.

Treatment of Windows.

The only excuse for windows running up to the ceiling is where in some kind of a workshop it may be necessary to get all the light there is, including that reflected from the ceiling. We have dimly realized this for some time. We have cut off the tops of our high, narrow windows with grills and lambrequins, and we have hung three sets of curtains in front of them to shut off the flooding light. Nowadays glass is cheaper and better than it used to be. The lower sash may be a single wide light. The upper sash—really no one ever looks out of the upper sash—may be filled with small, pretty panes. How easy a matter it is to bring the picture molding down to the level of the door and window casings, and how vastly it improves a room!—Exchange.

Furniture.

As to the interior furnishing and decoration, that, too, is largely the architect's business. He customarily plans that mantelpieces, sideboards, hall trees, window seats, cupboards, lockers and settees of various kinds be built in. These things give a room character and stability beyond any "boughten" articles. Not infrequently the architect designs a good part of the furniture, but this is in expensive houses. In the smallest and cheapest he can do much to impart distinction that never occurs to the aesthetically untrained contractor—in the treatment of windows, for instance.—Exchange.

Wainscoting.

Wainscoting of old oak and mahogany is beautiful indeed, yet a certain artist's drawing room has a delightful, homely

Wainscoting of simple boards with battens covering the joints, the two painted contrasting colors, and finished off at the height of the doors with a narrow shelf, where stand beer mugs, blue plates and old powder tankards.—Exchange.

INTERIOR FINISH.

Useful Hints as to Hangings and Other Decorations.

Hard wood finish is a desirable thing, yet frequently less pleasing than the softer woods, which are now stained so many charming colors, and few things are more satisfactory than the white painted woodwork of the colonial style. Only in planning your house tell your architect that your heart's desire is for a pink bedroom or a blue dining room before he stains the wood moss green.

If tapestry hung walls or choice Morris papers are out of your reach, the dead smooth surface of calcimine or paint may be avoided. It costs no more to have a rough plaster finish—not rough enough to cast dust, mind—with the color mixed in the plaster. This gives the little play of light and shade, the vibration, which painters call "the feeling of atmosphere." So does burlap. So does in a way cartridge paper. "But cartridge paper is so old!" cries some one. Ah, that is the trouble with the American public. It is eternally demanding a novelty. Now, make up your mind that if you furnish your room in the latest style you will tire of it as soon as a new style comes out. Do not aim at what is new or original. Aim only at what is good; that endures.

Another common defect of American homes is too much bric-a-brac and too many draperies. A bare room is better than a stuffy one. If you err in either direction, let it be in that of simplicity. Again, the American woman, whose eye for color is generally good in dress, applies the same measure to the larger requirements of the house. She is fond of baby blue or baby pink, or "gentle" pale browns and grays. Their effect is generally weak, insipid, cold. She must learn to use bolder colors and larger spaces in her rooms. If limited in means, it is better to do one thing excellently well than all indifferently.—Chicago Post.

Errors in Building.

A quite common error is putting a balcony in a small city house. Even to the more homely and sensible fashion of using the hall for a living room there are objections. Any room from which the main staircase leads is necessarily a thoroughfare and almost necessarily drafty. Sometimes these difficulties may be overcome, and indeed it is impossible to lay down any hard and fast rule on such subjects. Everything depends upon the occupants. How many in the family? Children or adults? Do they entertain much? Are they young or old? Are they lively, bookish, athletic, domestic? These are but a few of the questions the architect must know if he is to build a house to suit them. Is the nursery or the library or the drawing room going to be the important part of the house?—Selected.

France Demands Indemnity.

Pekin, Feb. 10.—M. Dubail, the French charge d'affaires, has demanded an indemnity for the family of a Frenchman kidnapped by Chinese brigands in Tonquin, but subsequently liberated. China is given eight days in which to make a favorable reply, failing which French action in the south will be necessary. The Japanese Minister has informed the Tsungli-Yamen that Japan is unable to extend the time for payment of the war indemnity, owing to obligations contracted by Japan on the basis of prompt payment.

President Barrios Is Slain.

Panama, Feb. 10.—A cable dispatch from Guatemala confirms the report of the assassination of President Jose Maria Reina Barrios, president of the Guatemalan republic. The dispatch says the assassination took place at 7 o'clock last night within 150 yards of the president's palace. The assassin is a German named Oscar Solinger. All is quiet in the city the dispatch says.

Rain Helps Wheat in Kansas.

Topeka, Kan., Feb. 10.—A steady downpour of rain has been in progress for eighteen hours all over Kansas, with a promise of continuance all night. Most encouraging reports have been received of beneficial results to growing wheat. Secretary Coburn says Kansas never before promised the world such a magnificent wheat crop as this season.

Meet to Fix Convention Date.

Springfield, Ill., Feb. 10.—A call has been issued to the members of the Republican State Central committee to meet in Springfield on Feb. 23, at 10 o'clock. The purpose of the meeting, as stated in the call, is to decide upon the date of holding the state convention.

Indiana Knights of Honor.

Indianapolis, Ind., Feb. 10.—The grand lodge of the Knights of Honor of Indiana elected Chris Hewig, Evansville, grand dictator.

Com Paul Is Re-Elected.

Pretoria, Transvaal Republic, Feb. 10.—Paul Kruger has been re-elected president of the South African republic.

Jackson and Jeffries Matched.

San Francisco, Cal., Feb. 10.—Peter Jackson and Jim Jeffries will fight on March 22 in this city. The contest will be twenty rounds.

Mr. F. C. Helbig, a prominent druggist of Lynchburg, Va., says: "One of our citizens was cured of rheumatism of two years' standing, by one bottle of Chamberlain's Pain Balm. This liniment is famous for its cures of rheumatism; thousands have been delighted with the prompt relief which it affords. For sale by Peoples Drug Co., East Milwaukee street."

Bliss Favors Metlakatla.

Washington, Feb. 10.—Secretary Bliss has returned to the senate with his unqualified disapproval of the bill to settle on segregated lands of about twenty-one miles in area the Indians now occupying Annette Island, in Alaska, and opening the remainder to settlement. The secretary says he is convinced that the Indians should be permitted to remain in undisputed possession of their reservation, and that no part should be opened to the public.

Abandons Prince George.

St. Petersburg, Feb. 10.—Much importance is attached to a communication appearing in the Official Messenger, in which Russia, abandoning the candidature of Prince George of Greece for the governorship of the island of Crete, threatens all concerned, declines all responsibility for the consequences of further dragging the question, and says Russia will not allow any increase in the number of Turkish troops in Crete, or be a party to any coercion of the Cretans.

GIVE THE CHILDREN A DRINK
called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

HEIMSTREET'S PATENT MEDICINES.

Some people think we know all about patent medicines, but we don't. We don't know as much about them as you do. Still they are a very important part in the business of any druggist.

We buy them and sell them. We don't even see the bottle, which is, of course, wrapped securely so others, but purchaser cannot, (if they cared to,) meddle with the contents. We are often asked if this preparation or that one, is reliable. Of course we don't know. If you have read the advertisement you certainly know as much about them as we could learn if we read them. We don't have time. There is only one answer we can give you when you ask us which is the best. The one which sells the best seems at times to be the best medicine. Then if any one customer comes to us for more than one bottle of the same preparation, and we happen to know any of the facts concerning the case, we will gladly give you any desired information.

Remember, we keep in stock all Patent or Proprietary medicines and should you ask us for some article which has not come to our view we will gladly procure the same for you promptly at the popular city price.

If you wish pure goods of this class, we have the Wisconsin Pharmacal Company's goods.

They make a Sarsaparilla, Cough Medicine, Extract Ginger, Ointment, etc., and we will personally guarantee every bottle at

OR OUR SAVIOUR IN ART

Cost over \$100,000 to publish. Contains nearly 200 full-page engravings of our Saviour, by the great masters. Every picture is reproduced from some famous painting. Agents are taking from three to twenty orders per day. The book is so beautiful that when people see it they want it. The Hermitage, Prado, Uffizi, Pitti Louvre, Valence, National of London, National of Berlin, Belvedere and other celebrated European galleries have placed their greatest and rarest treasures at our disposal that they might be engraved for this superb work. "FIRST GLANCE AT THE PICTURES BROUGHT GLANCE TO MY EYES," says one. "I cleared \$150 first week's work with the book," says another. "Some high grade man or woman should secure the agency here at once," says every editor, "as \$500 can soon be made taking orders for it." Nearly \$10,000 expended on new plates for edition coming from press. Also a man or woman of good character standing can secure position of Manager and Correspondent of this territory, to devote all his time to employing and drilling agents and corresponding with them. Address for full particulars A. P. Y. ELDER, Publisher, 278 Michigan Avenue, Chicago, Ill.

THIS DAY IN HISTORY

1070—William Congreve, poet, born.
1686—Isaac Vossius, celebrated German scholar, died.
1783—The French and Indian war ended by treaty at Paris. The French and Indian war, waged by Great Britain in the interest of her American colonies, was nearly simultaneous with the Seven Years' war in Europe. By the terms of the treaty Canada and its dependencies were ceded to Great Britain.
1775—Montesquieu died.
1840—Victoria, queen of England, married to Prince Albert of Saxe-Coburg-Gotha.
1852—Samuel Prout, noted painter, died.
1876—Reverdy Johnson, statesman, died in Annapolis; born 1793.
1897—Castellary died on the stage of the Metropolitan Opera House in New York city while singing his role in the opera of "Martha."

Too Much to Believe.
"Who is he?" the crowd murmured. None knew.
Finally they asked him himself.
"I," he said, with great condescension. "I am a man who can read a continued story in the magazines without looking back at the previous number to see how that part ended."
But they believed him not, and stoned him for a liar.—San Francisco Examiner.

Every Man to His Taste.
Weary Ambler—Laddy, I'm that hungry I can't see. I'm out of work, too.
Hardhearted Lady—What is your trade?
"I—I—well, I was a glass-eater in a museum once."
"All right. You'll find enough broken bottles in the back yard for a good square meal. Help yourself, poor man."
—Cincinnati Commercial Tribune.

At 11:15 P. M.
"Farewell! Farewell!" he cries in pain. His arms unfold her tight.
His kisses fall like autumn rain
Upon her forehead white:
For he knows he'll see her not again
Until to-morrow night!

A NOTED HAWAIIAN.

President Dole's Private Secretary Is Big and Talented.

One of the most noticeable figures in the little group of men who have accompanied President Dole about the country is that of Major C. P. Laukea,

MAJOR C. P. LAUKEA.

his private secretary, aid-de-camp and right hand man. Lots of people have wondered who he was, for he is a striking looking man. He is big and tall and looks like a man of distinction. His bearing is military and graceful. He is also modest and affable, but at the same time diplomatic. State secrets are safe with him, as the reporters have found out.

Secretary Laukea is a native Honolulu. He was but a lad of 19 when the royal rulers found that they needed his service. That was 23 years ago, and he has been in continuous service ever since. David Kalakua, king of the Hawaiian Islands, was the first to take to the young man. He made him his chamberlain and private secretary. The king died and Queen Liliuokalani took the throne. Still Laukea held his place, and in a little while was promoted to the position of president of the land office. He was the agent of the crown lands until they were turned over to the people, and now he has charge of the public lands.

His first trip abroad was in 1883, when he represented his government at the coronation of the czar of Russia. The people at home and the powers that were had by this time come to recognize the statesmanlike qualities of the man, and they doubled his mission. He was sent to Japan and India in the interests of emigration before he returned to his native isles.

It happened that in 1887 he was the chamberlain and secretary of the queen, when the jubilee in London broke out. He took charge of the royal party, including the two queens, Liliuokalani and Lapiolani, and went over to the queen's jubilee. He says that is about the way it has been all the time, but that he has managed to enjoy life.

SENATOR HANNA'S SON.

Has Succeeded In Business, but Has Made a Failure of Matrimony.

Daniel R. Hanna, who has been brought before the public eye through the medium of the divorce courts, is the only son of Senator M. A. Hanna and

DANIEL R. HANNA.

is the virtual head of the extensive shipping, iron and coal business of the senator. Dan Hanna is almost as well known in Cleveland as his distinguished father. He is very prominent socially. He belongs to the Union, Tavern, Century, Roadside and Country clubs and is a leader in the movements of the fashionable set of the Forest City.

His full name is Daniel Rhodes Hanna. He was named after his maternal grandfather. Though only about 33 years old, he has shown himself to be a man of much business ability. He is blond and good looking. He bears considerable resemblance to his father, though he is three or four inches taller. Indeed, he is one of the tallest men in Cleveland. He spends money freely and belongs to the "sporty" or "horsy" class of wealthy young men.

Mrs. Hanna was Carrie May Harrington. She is about 30, 5 feet 6 inches tall, dark and beautiful. No brunette in Cleveland is handsomer. Her family moved there from Detroit not long before the marriage. They had been poor, but at or about that time the father inherited money from a sister.

Carrie May was the youngest child. She and young Hanna were members of a sailing party up the lakes. Both were scarcely more than children. They fell in love, and at an upper lake port they left the boat and were married in Escanaba, Mich. This was in 1887. Some time later they announced the wedding. The Hannas were displeased, but made the best of it.

The young couple have always moved in the best of society and until lately seemed to get along well together. Though much given to society, Mrs. Hanna has won the respect of all by her devotion to her children.

GRAND BY SPECIAL SANBORN OFFER BORN.

Friday and Saturday OF THIS WEEK

To Introduce Perfection Baking Powder

The purest of all articles, we will sell it for the two days at 25 cents per pound can.

Regular price is 35c can. The offer is for two days only, no longer. We have shown you in our space several times the chemical analysis of Perfection Baking Powder, and of its high test over the other two best known Powders on the market. We have not published this analysis for fun or to merely fill up space. It has been done to show the real value of Perfection over others. That Perfection Baking Powder is the purest and best made is a universal fact, and we know that you will decide in favor of it if you try it. Take advantage of the special offer for Friday and Saturday. 25c a can these two days only.

READ THE ANALYSIS AGAIN CAREFULLY.

Laboratory of the Health Department.
OSCAR DE WOLF, Commissioner of Health.

DEAR SIR—I have made a very careful and elaborate chemical analysis of twenty-seven "Perfection" Baking Powders received from the hands of Mr. Merki your clerk and have the honor to report the following table of results:

	Soluble Ash.	Insoluble Ash.	Total Ash.
S. W. & Co.'s Perfection.....	39.00	0.06	39.06
Widely Advertised Baking Powder No. 1	36.18	0.12	36.30
Widely Advertised Baking Powder No. 2	36.10	0.12	36.22

A known and weighed quantity of Baking Powder was incinerated in a silver crucible until only a gray residue was left. This is the total ash. It was carefully removed to a glass vessel and acted upon by hydrochloric acid and distilled water at the boiling point; what dissolved in that menstruum has been called soluble ash, and that which did not, insoluble ash.

I have the honor to be, sir,
Yours Very Respectfully
R. S. G. PATON, Chemist of the Health Department.

A RUSH OF TRADE TO MACHINE CO.

RECORD BREAKING VOLUME OF BUSINESS DONE.

Three Carloads of Goods Shipped Each Day On Average, and The Concern Is Behind On Orders Even Then—Farmers In All States Buy New Implements.

This time last year the Janesville Machine Company had sold 1880 machines.

This year the books show that 3558 have been shipped from the local plant.

On an average of three cars a day are now being shipped from this city and at the present writing the company is seventy-five cars behind on their orders.

This record the directors of the company point to with pride while the citizens of Janesville can well congratulate themselves on having so extensive and prosperous factory in this city. From the first of the year orders began to increase, and now in all departments men are working and not a piece of machinery is idle. The manufacture of plows, although a new venture for the company, is no longer an experiment. From all sections of the country orders have been coming in and it is safe to say that when spring arrives the Janesville plow will be doing duty in every state and territory in the Union.

"Talk about 'prosperity's coming,'" said a stockholder in the company this morning; "it is evident that it has reached Janesville. Our factory is employing a big force of men; and has been running at all force throughout the winter, and is now unable to fill its orders. We feel like bragging over its success. Our orders have been confined to any one particular machine, but have covered the whole line. From all sections of the United States these orders have been coming and it would surprise you to see the many patrons that we have in the Atlantic and Pacific coast states. It is safe to say that we are now doing the record-breaking business. This is the best indication of general prosperity, for the simple reason that when the farmers of the country are beginning to order the best and latest patterned machinery and are paying spot cash, it means good times for the whole country."

At Beloit the same state of affairs exist and the large factories of the Line City are crowded with business.

TO BUY SHELLS AGAIN

Richard Finley Will Be In the Market Next Season Representing a Philadelphia Firm.

"You must not think that the clam shell industry market is dead, for it is not," said Richard Finley to a Gazette man. "I expect to do a lively business next summer in buying and selling river shells. I have already been engaged to represent a well known Philadelphia pearl button house and expect to buy liberally next season."

At Shirland, Ill., Mr. Finley recently made the purchase of a car of shells for shipment east.

Shells have been a drug on the market for some time past, but the fact that several manufacturers have visited Janesville of late, indicate that the casing of the modest clam is of value in spite of all that has been said to the contrary.

MUSICAL-LITERARY CONCERT

Costume Concert of Old Time Music, the Treat for Next Wednesday Night.

Unusual interest is being developed among musically inclined people about the city over the Costume concert of old time music which is to be given in the Congregational church next Wednesday night, Feb. 16, by the Musical-Literary society. The object of the entertainment is to start a fund for the purchase of a grand piano, an instrument much needed by the society in their interpretations of old time composers. Thirty or forty leading members will appear in solos, duets, quartettes, glee, choruses and instrumental music. In addition to these the Motet club consisting of twenty trained voices under the direction of Mr. J. H. Kowalski will render one or two of the famous choruses. The Motet club has been at work with Mr. Kowalski for nearly four months and he will personally direct the choruses on the night of the concert. The Musical-Literary society highly appreciate the handsome offer on the part of Mr. Kowalski and the Motet club to render several of the most attractive numbers on the program and without doubt the church will be packed to its utmost capacity by people interested in the work of the society and this concert especially.

ONE DAY'S GRIND IN LOCAL COURTS

SEVERAL LEGAL MATTERS ARE PASSED UPON.

Somewhat Noted Case of Hoag Against Waterman Is Decided In Favor of the Plaintiff—Myers Case Held Open—Try Oleo Action Here.

Full judgment with costs, or a total of \$3.04, was rendered in the municipal court this morning in favor of the plaintiff in the case of Andrew S. Hoag vs. Jerome Waterman, and the matter will be appealed to the circuit court. The trouble arose over a loan of \$3000 that Waterman asked Hoag to get for him. After Hoag had secured the loan of Thomas Inman and the deal was about to be closed, Mr. Inman claimed that there was a flaw in the title to the Waterman property, and the deal fell through. Waterman secured the \$3000 of some one else, and Mr. Hoag brought suit to secure his twenty-five dollars commission. Stanley D. Tallman, assisted by Attorney Claude Hendricks, appeared for the plaintiff, while A. E. Matheson, of Whitehead & Matheson, carried on the prosecution.

The Myers Case.

"I move for a dismissal of this case on the grounds that the petition was insufficient to give the court jurisdiction," said Attorney W. G. Wheeler this morning in Judge J. W. Sale's court. He spoke in behalf of John H. Myers in the matter of appointing a guardian over Mr. Myers. The court held the matter open till tomorrow morning at 9 o'clock.

Cannot Try the Action

District Attorney Jackson was in Beloit to attend the case of the state against John McGavock charged with selling oleomargarine contrary to the law. The District Attorney maintained that the Beloit Police Justice had no jurisdiction to try the case in question and Judge Booth allowed the claim, and the case will go to the municipal court.

THE SLOT MACHINES GO

They Were Packed Up Yesterday Afternoon and Shipped Away by Express.

The last act in the slot machine drama took place yesterday afternoon, when the machines were boxed and delivered to the United States Express company for shipment. Their career in this city was short but sweet.

"I would not want anything better than three of those machines in this town," said a well posted bar tender last evening, "for one of these machines made a profit of sixteen dollars a day. I guess that they would not keep a mechanic in this city to look after only three machines, unless they proved a bonanza."

NEWS OF THE CITY IN BRIEF.

THE funeral of A. A. Duller will be held Sunday afternoon at 2 o'clock, from Trinity church.

REARUSE of the death of Mrs. Vandewater, Thompson's grocery store will be closed tomorrow.

MRS. A. L. KAVLEGE entertained members of the Ladies' Afternoon Whist club, this afternoon, at her South Third street home.

DON'T miss it, you will regret it, the Rebecca masquerade at the Armory Wednesday evening, Feb. 16th. The costume event of the season.

MRS. A. P. BURNHAM entertained a company of ladies yesterday afternoon, at her spacious St. Lawrence Place home. The affair proved a most delightful one.

AT our demonstration table tomorrow Miss Gray will serve hot biscuits made from Perfection baking powder and hot coffee. Biehellen perfect canned fruit will also be tested. Sanborn.

THE business meeting of the Y. P. S. O. E. of the Presbyterian church will be held in the church parlors on Friday evening, Feb. 11. Social will follow, to which all are most cordially invited.

MEMBERS of the Congregational church met this afternoon in the parlors of the church at the annual home gathering. There was a goodly number in attendance.

THE most seasonable goods are at your disposal for purchase during the charity sale at our store next Saturday. We are giving you hints on what to buy through the local columns each night. Bort, Bailey & Co.

YOU won't find any difficulty in getting waited on during the Charity sale at our store next Saturday, as two representatives from each church society in the city, as well as our own clerks, will act as salesladies. Bort, Bailey & Co.

"THAT little Queen of Song," Miss Belle Rolston, with a voice of matchless sweetness, will sing herself into the heart of everyone who hears her at the concert Monday night," says the Beloit Daily Free Press. This same little "Queen of Song" is to sing at the Congregational church in this city Tuesday evening, Feb. 15.

MEMBERS of the Rusk Lyceum society held a mock trial last evening, resulting in the conviction of Percy Manger who was charged with neglecting to attend to his duties as sergeant-at-arms. Burr Scott and Leo Brown appeared in behalf of the defendant, while Roy Owen and Collin Samuels prosecuted. This is the first trial that members of the society have taken up and the affair was one of much pleasure.

DR. VON SUESSMILCH DEAD

The End Came at His Home in Delavan This Morning.

A telegram to Hon. John Winans, this morning, announced that Dr. Frederick Ludwig von Suessemilch, of Delavan, was stricken with paralysis, and a later dispatch to C. C. Russell, announced his death. Mr. and Mrs. Winans left for Delavan on receipt of the first dispatch but arrived there too late.

Dr. Van Suessemilch was well known in the state. He was a 33-degree Mason, and for many years treasurer of the Grand Lodge.

SATURDAY FOR CHARITY

Much Good Can Be Accomplished by Purchasing at Bort, Bailey & Co's.

It makes no difference how small your purchase may be so long as you buy it Saturday at Bort, Bailey & Co's. A great many small purchases will help materially to swell the Associated Charity fund for which this sale is given. Every dollar means 10 cents for the poor, and an easier way to be philanthropic could not well be found. It is no trouble to you and practically there is no expense attached to it. You merely make your dry goods purchases at this store on Saturday and the poor will reap the benefit.

THOMAS GETS A CONTRACT

Will Put In the Automatic Sprinkler System For Machine Co.

J. G. Thomas of Chicago, was in the city yesterday and closed the contract with the Janesville Machine company for the erection of an automatic sprinkling fire system to be extended throughout their present works. The new sprinklers are of the Grinnell pattern that are manufactured at Providence, R. I. The work of putting in the system at the local plant will commence at once.

ALEX. M'LELLAN ACTION AGAIN

Council Will Begin Proceedings in Orthodox Style This Time.

Alderman W. B. Stoddard, chairman of the license committee stated this morning that the council had already commenced to make plans for a new action to be commenced against Alex M'LeLlan.

"There is no use of quiting just because we got licked once," said the alderman, "and I think the next time we get at the matter there will be an entirely different story to tell."

SAYS HIS CORN WAS STOLEN

South Main Street Man Makes Complaint to the Police.

Charles Maer, who resides on South Main street, near the corner of Sharon street, informed Chief Hogan this morning, that thieves, during the night, stole from his barn two bags of corn. A visit to the scene of the robbery revealed plenty of evidence that tended to show who the guilty parties are. It is said that arrests will follow.

The Real Difficulty.

"The trouble with you," said Mr. Ruffedge's wife, after a warm debate, "is that you are a confirmed dyspeptic."

"No, my dear," was the answer; "that's not correct. The trouble with me is that I am a contradicted dyspeptic."—Washington Star.

TWO COUPLES COME FROM ILLINOIS

SUCKER STATE PEOPLE VISIT JANESVILLE.

Justice Marshal P. Richardson Tied One Knot After Asking Several Questions, and Rev. A. C. Kempton of the Baptist Church Made the Other Parties Glad.

Two Illinois couples were married here yesterday.

Arm in arm Miss Nettie Hayes and Jesse Miller walked up the stairs and into Justice Richardson's office yesterday afternoon at 5 o'clock. Miller was embarrassed, but finally mustered up enough courage to make known the fact that they wished to get married.

According to Miller's story both have resided for years on farms in Winnebago county near Rockford. Justice Richardson suspected that the woman was nearer the age of fifteen than eighteen.

"What is your age Miss Hayes," he asked.

"I am just eighteen years old," promptly responded the girl, "and my father and mother are dead."

Mr. Miller and Miss Hayes then joined hands, and were made husband and wife. They returned home on the evening train.

The Other Couple.

Peter J. Springsteen and Miss Cora M. Funk of Egan, Ill., came to Janesville yesterday afternoon. On their arrival they were driven to the Baptist church parsonage, on North High street, where the Rev. A. C. Kempton united them in marriage. The groom is the proprietor of a well known dairy establishment near Egan. They are spending their honeymoon at the Railroad Hotel.

DOGS FILL TWO CARS

Big Shipment of Canines Go Through on the Way to the Klondike Region.

Two cars loaded with dogs passed through Janesville recently on the O. & N. W. road for Seattle from which city they will be shipped into the Klondike region. The canines were of the St. Bernard and Mastiff breed.

"Several men were in charge of them," said a local switchman, "and one of them said several of the animals were shipped from Berlin, Germany."

The shipment went through on time freight 79 and from St. Paul went via the northern Pacific to Seattle.

ROYAL BAKING POWDER CO., NEW YORK.

THE WORLD'S NEWS OF YESTERDAY.

Washington, Feb. 10.—For more than three hours Wednesday the senate chamber rang with eloquent appeals in behalf of the Cuban insurgents. Announced speeches were delivered by Mr. Cannon (Utah) and Mr. Mason (Ill.) in advocacy of the adoption of resolutions which they presented to the senate Tuesday. Following Mr. Cannon's speech Mr. Hale (Me.) addressed the senate briefly, urging the senate to uphold the policy of the administration. He pointed out that much had already been accomplished by President McKinley, not only for the cause of peace on the island, but also for the protection of Americans and American interests and for the relief of the reconcentrados and pacificos. He maintained that it would not be good policy by the adoption of any drastic declaration to place the administration in leading strings that might interfere in the carrying into effect of a defined policy.

Mr. Cannon's speech was a calm and dispassionate argument in support of his resolution. He did not, he maintained, desire to disturb the peace or welfare of this government, but he warned congressmen and officials in administration circles that unless definite action were taken upon the Cuban question by the United States the heavy hand of the people would fall upon them.

Mr. Mason followed Mr. Hale in a long and at times fiery speech in which he urged the president immediately to intervene in the Cuban war and end the struggle which on both sides had become so brutal as to shock the sensibilities of the civilized world. He had hesitated long, he said, as he feared that by some incautious step he might injure rather than benefit the Cuban cause. But he was ready to make the step now, feeling that any blame must fall on him, for he assumed full personal responsibility. "I deny the insinuation," said he sharply, "that this is an effort to put the administration in leading strings." He was a republican and he was proud of the patriotism of the executive. But Mr. Mason said, he spoke his personal convictions on the cause of Cuba.

Mr. Mason said he calculated that certainly not less than 500,000 persons had fallen victims of Spanish brutality, and he felt that the number was not less than 600,000. "Shall we wait," he inquired, "until the rest of them have been annihilated?"

By the resolution which he had offered Mr. Mason said that this country in effect declared to Spain that she must go from the island of Cuba, and any differences between the United States and the Madrid government arising out of the declaration would be settled before the courts of the world.

Mr. Mason declared that notwithstanding the declaration of the St. Louis platform nothing had been done by the Republican party. "Nothing," he said, "except to pass a belligerency resolution in the senate, and," he added, amid general laughter, referring evidently to Speaker Reed, "it is not certain whether he will pass it on the other side."

On motion of Mr. Hale the resolution was referred to the committee on foreign relations.

The House Unseats a Democrat.

Washington, Feb. 10.—The Republican majority was increased Wednesday from 49 to 50 when the house by a vote of 143 to 113 unseated Mr. Plowman (Dem., Ala.) and gave the seat to Mr. Aldrich (Rep.).

Philadelphia's Broken Banks.

Philadelphia, Pa., Feb. 10.—George H. Earle, receiver of the Chestnut Street National Bank, announces that he has sent to the United States Sub-treasury about \$415,000, which represented, he said, a portion of the assets of the bank. He said that \$200,000 additional will be added in a day or two. Mr. Earle said he was not in a position to make public the schedules and accounts furnished to him by Bank Examiner Hardt. He added that he would at once arrange to realize every asset, but he was unable to say when a dividend would be paid or what it would amount to.

Bartley's Bondsman Sued Again.

Omaha, Neb., Feb. 10.—The case of the state of Nebraska against the bondsman of ex-Treasurer of State Joseph Bartley for about \$500,000, which that officer failed to surrender, was begun Wednesday. This is the second trial, the first time a technicality forcing a dismissal. The defense of the bondsman is technical, asserting that it is impossible to determine whether the steal occurred during the first or second term of the official.

Temple Amendment Upheld.

Des Moines, Iowa, Feb. 10.—The Temple amendment bill was passed by the senate Wednesday by a vote of 39 to 4. It now goes to the house for concurrence. The house has already passed a similar bill, but it did not contain the provision approved by the senate, which says settlement of railway damage cases can be settled subsequent to the injuries without going into court.

HIS RECALL ALSO DEMANDED.

Spanish Diplomat Admits That He Wrote the Note to Senor Canalejas Which Reflected on President McKinley—Amazing Act of Indiscretion.

Washington, Feb. 10.—Enrique Dupuy de Lome is no longer Spanish minister to the United States government. He cabled his resignation of the post to Madrid upon making the discovery that his letter to Senor Canalejas, reflecting upon President McKinley, had been published.

To Assistant Secretary of State Day Senor De Lome admitted that he had penned the note, whereupon the state department wired Minister Woodford at Madrid, directing that he demand from the Spanish government the recall of Senor De Lome. It is said that Senor De Lome will abandon the diplomatic service and seek political preferment in Spain.

The affair will not in the least affect the relations between Spain and the United States; in fact the belief is that the minister to succeed De Lome, who will be in closer touch politically with the Sagasta cabinet and its reform plans, will effect more cordial relations between the two governments.

THE OFFENSIVE LETTER.

Full Text of the Document That Caused All the Trouble.

Washington, Feb. 10.—Minister De Lome's letter, the discovery of which has caused the present sensation, was addressed to the well-known editor of the *Heraldo* of Madrid and reads:

"Legation de Espana, Washington.—Eximo Senor Don Jose Canalejas—My Distinguished and Dear Friend: You need not apologize for not having written to me; I ought also to have written to you, but have not done so on account of being weighed down with work and nous sommes quittes."

"The situation here continues unchanged. Everything depends on the political and military success in Cuba. The prologue of this second method of warfare will end the day that the colonial cabinet will be appointed, and it relieves us in the eyes of this country of a part of the responsibility of what may happen there, and they must cast the responsibility upon the Cubans, whom they believe to be so immaculate."

"Until then we will not be able to see clearly, and I consider it to be a loss of time and an advance by the wrong road, the sending of emissaries to the rebel field, the negotiating with the autonomists not yet declared to be legally constituted, and the discovery of the intentions and purposes of this government."

"The exiles will return one by one, and when they return will come walking into the sheepfold and the chiefs will gradually return. Neither of these had the courage to leave en masse, and they will not have the courage to thus return. The president's message has undecieved the insurgents, who expected something else, and has paralyzed the action of congress, but I consider it bad."

"Besides the natural and inevitable coarseness with which he repeats all that the press and public opinion of Spain has said of Weyler, it shows one what McKinley is—weak and catering to the rabble and, besides, a low politician, who desires to leave a door open to me and to stand well with the jingoes of his party."

"Nevertheless, as a matter of fact, it will only depend on ourselves whether he will prove bad and adverse to us. I agree entirely with you that without a military success nothing will be accomplished there, and without military and political success there is here always danger that the insurgents will be encouraged, if not by the government at least by part of the public opinion."

"I do not believe you pay enough attention to the role of England. Nearly all that newspaper canaille which swarms in your hotel are English, and while they are correspondents of American journals they are also correspondents of the best newspapers and reviews of London. Thus it has been since the beginning. To my mind the only object of England is that the Americans should occupy themselves with us and leave her in peace, and if there is a war so much the better; that would further remove what is threatening her, although that will never happen."

"It would be most important that you should agitate the question of commercial relations, even though it would be only for effect, and that you should send here a man of importance in order that I might use him to make a propaganda among the senators and others in opposition to the junta and to win over exiles."

"ENRIQUE DUPUY DE LOME."

MESSAGE TO MADRID.

State Department Makes a Prompt Complaint to Spain.

Washington, Feb. 10.—The publication in the newspapers of what purported to be an autograph letter written by Senor Dupuy de Lome, the Spanish minister, to his friend Canalejas, criticising the President with the utmost freedom, caused a sensation in official circles in Washington, and soon will be followed by Minister de Lome's departure from the United States. At the outset there was a disposition to question the authenticity of the letter, but bit by bit the circumstantial evidence accumulated, until it was announced officially that the minister declined to deny the authorship of the letter, all doubt was dissipated and the only question that remained was as to the line of action to be pursued by our government toward the offending minister.

As soon as the letter appeared in the press the state department officials began an effort to settle its authenticity, and when it had learned all that could be developed on this point and had been told that the minister himself refused to deny writing it, the consideration of the next step began.

While the state department refuses to make a statement it can be stated without question that Minister Woodford was directed to lay the facts before the Spanish government, together with the statement that in view of the

minister's refusal to deny the authorship of the letter the Spanish government is looked to with confidence to deal with the case properly. This amounts to an invitation to recall the minister, presuming that he himself has not already taken steps to vacate his position.

London Comment on the Matter.

London, Feb. 10.—With the exception of the *Daily Mail* the morning papers do not comment on the De Lome incident. The *Daily Mail* says: "We cannot suppose the De Lome letter genuine; but if it is, then all the fat would be in the fire. Things have reached a pass where little is wanted to cause an explosion. Even the recall of Senor De Lome would not satisfy or pacify the insulted jingoes."

Letter Discredited in Madrid.

Madrid, Feb. 10.—The De Lome letter incident is regarded here as a jingoist intrigue intended to disturb the relations between the United States and Spain.

PRISON FOR LIFE.

Adolph Luetgert Found Guilty of the Murder of His Wife.

Chicago, Feb. 10.—Guilty of murder, with the penalty of imprisonment for life, was the verdict rendered by the twelve jurors against Adolph Louis Luetgert at 11:25 o'clock last night—seven and one-half hours after Judge Gary had completed reading his instructions and sent them to discuss the merits of the case on the top floor of the criminal court building.

Counsel for the defense claim that the result of the many weeks of trial was a compromise effected between the members of the jury who affirmed the sausage-maker guilty and their fellows who confessed to a reasonable doubt, but would not press their convictions. Scarcely had the last words of the form of the verdict been read than Lawrence E. Harmon, chief counsel for the defense, gave notice that he would apply for a new trial and asked the court to set the date for the hearing at his convenience.

Illinois Legislative Doings.

Springfield, Ill., Feb. 10.—By a vote of 86 to 10, the house Wednesday passed the Harnsberger primary bill. It applies only to the counties other than Cook, and applies to no county unless it has been formally adopted by a vote of the legal voters thereof. It may also be adopted in any city, town or village, independent of the rest of the county. The McGinnis telephone bill was recalled to second reading and amended so as to apply only to Cook county. It was also amended to make the annual tax on ordinary telephones \$10, instead of \$2 each. Mr. Bovey's bill taxing life insurance companies 2 per cent on their net receipts failed to pass—yeas, 46; nays, 44.

In the senate the house bill taxing foreign corporations in the same manner as domestic corporations was advanced to second reading. The house joint resolution favoring the annexation of Hawaii was concurred in.

To Join Two Great Lakes.

Ottawa, Ont., Feb. 10.—An influential deputation waited on the government Wednesday to ask that aid be extended to the project for cutting a canal from Lake St. Clair to Lake Erie, through what is known as the "great toe of Ontario." The intention is to shorten the distance between Lake Huron and Lake Erie by cutting off the lengthy detour by the straits of Detroit. The canal would be thirteen and a half miles long and would shorten the distance between the two lakes by seventy-eight miles.

It is not often that a physician recommends a patent medicine; when he does, you may know that it is a good one. Dr. J. P. Cleveland, Glascow, Va., writes: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my practice and it has proven to be an excellent remedy, where a thorough course of medicine has failed with me. I recommend it to my patients every time for colic or diarrhoea." Many other progressive physicians recommend and use this remedy, because it always cures and cures quickly. Get a bottle and you'll have an excellent doctor in the house, for all bowel complaints, both for children and adults. For sale by People's Drug Co., East Milwaukee street.

Prince Henry at Ceylon.

Colombo, Ceylon, Feb. 19.—The German cruiser Deutschland arrived here last night and Prince Henry of Prussia lay at this morning and proceeded to the government house.

Will Send a Cruiser.

Madrid, Feb. 10.—The Spanish government has decided to send the Spanish cruiser Almirante Oquendo to Havana and thence to New York.

To Our Customers.

Chamberlain's Cough Remedy is the best cough syrup we have ever used ourselves or in our families. W. H. King, Isaac P. King and many others in this vicinity, have also pronounced it the best. TO BUY UP FIRST LIEN.

President's Radical Action in Kansas Pacific Matter.

Washington, Feb. 10.—The president has taken unexpected action in regard to the Kansas Pacific railroad, and by his direction the secretary of the treasury drew warrants for \$7,512,255.15 to pay for and take up the first mortgage bonds on that line. If the property had gone to foreclosure sale the government would in all probability have been forced to bid the road in, and that would have been government ownership. As the matter will stand after the first mortgage bonds pass into the possession of the secretary of the treasury, liens which threaten the government's junior claim will have been taken up and cleared off, and the government will not be obliged either to bid in the property itself or to submit to a forced sale and consequent sacrifice of its interests. It is the purpose of the administration to ask for an immediate change of receivers for the Kansas Pacific, the receiver to operate the road for and in behalf of the holders of the first and second mortgages, who, in this instance, happen to be Uncle Sam.

Murderer Safe in Prison.

Cedar Rapids, Ia., Feb. 10.—Detective Tubbs and Deputy Sheriff Houston, of Burlington, arrived here Wednesday with "Abe" Storms, the murderer whom a mob sought to lynch last night. They remained here until evening, when they took him to the penitentiary at Anamosa, arriving there safely with him.

SURGICAL OPERATIONS

FOR THE CURE OF PILES AND RECTAL DISEASES NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by people in general, that the common, painful and exceedingly annoying trouble, piles, was practically incurable by any other means than a surgical operation and this belief has been the cause of years of needless suffering, because of the natural dread of surgical operations.

There are many salves, ointments and similar remedies on the market which afford some relief in case of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi St., Indianapolis, was told by her physician that nothing but a surgical operation costing between seven and eight hundred dollars, could cure her as she had suffered 15 years; yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope and it is not to be wondered at that I am so enthusiastic in its praise."

Mr. D. E. Reed of South Lyons, Mich., says: "I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure. I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned."

The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no opium, cocaine or other poisonous drugs can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial. Send for book on cause and cure of piles, sent free by addressing Pyramid Drug Co., Marshall, Mich., (formerly Albion, Mich.)

To Grocers.

We have direct proof that peddlers of washing-powders say that the stuff they're selling is "made in the same factory" as **Pearline**—and that buying from them will save going to, or ordering from, the grocery store. Do you want people "saved" that. You have these same washing-powders in stock. Possibly you are giving them out, whenever you can, in place of **Pearline**. You are trying to push them into notice; they are trying to crowd you out. You think you are "making more money on them." But will it pay you, in the end?

Send it Back Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as **Pearline**." IT'S FALSE—**Pearline** is never peddled, and if your grocer sends you something in place of **Pearline**, be honest—send it back.

Woman's World.

A CALIFORNIA ARTIST.

A Young American Woman Praised by Parisian Art Critics.

The friends of Miss Jessie Allen of this city will be pleased to learn of her Parisian success. Miss Allen spent some time here as a student in the Mark Hopkins Art Institute and the Art Students' League. She left here a little more than two years ago to complete her art studies abroad. She studied in the Julian academy in Paris, and afterward under M. Collins. She spent the summer of 1896 in Holland with a party of artists, many of whom were Americans, sketching the gray hues of that northern latitude.

After a brief visit to the museums and art treasures of London in April, 1897, Miss Allen visited Rome and Venice.

In an exhibition of the works of 200 American artists from all sections of the United States held in Paris during

MISS JESSIE ALLEN.

December Miss Allen's picture was selected by the art critic of Le Matin as especially worthy of notice. Here is what was said:

"One sees among 200 works exhibited at Rue de Chevreuse some modest, others commonplace and without personal character. Close by are others which constitute interesting attempts.

"Miss Jessie Allen exhibits views of Venice which she has brought back from a recent trip and which denote that this young artist has much sincerity in her work. In place of proceeding like many painters well known, and who have become familiar with the lagoons and ducal palaces, Miss Jessie Allen has closely studied the Venetian masters, Canaletto and his celebrated pupil Guardi, who have left pictures of an exact touch when Venice appears in atmosphere enveloped with haze."—San Francisco Examiner.

Russian Blouses.

Russian blouses of black, green, brown, blue or gray silks of various weaves, plain and full across the fronts or laid in narrow tucks at the top to form a deep pointed yoke, will be worn next season with skirts of faille, cloth, repped wool or some of the many novel "fancies" in silk and wool. To the blouses will be added jeweled belts whose setting of semiprecious stones will match or contrast handsomely with the color of the silk forming it. Many of the new blouse models still open down the left side, while others fasten directly down the front and turn back with wide, short revers that as a rule are made of the blouse material alone and not faced with a different fabric.

Odd and pretty models are formed entirely of silk braid about half an inch wide made into shape by crossing lines of the flat braid, forming wide open-work knot or diamond patterns. These dressy affairs are sometimes covered with jet nail heads and pendants. They are made a little low in the neck and sleeveless and are designed to slip on over a second high necked, long sleeved silk or satin blouse in cerise, pink, green or some other becoming color.—New York Post.

A Brave Woman.

Mrs. J. T. Fowler, wife of the lighthouse keeper at the North Dumpling light, Fisher's Island sound, Rhode Island, was in charge of the tower in her husband's absence not long ago when during a thick fog a break occurred in the machinery by which a bell is rung at regular intervals as a warning to sailors. The bell was at the top of the tower, with no regular way of reaching it. By means of ladders Mrs. Fowler climbed the tower, tied a long rope to the bell and rang it till the fog cleared away. The lighthouse board has sent her a letter of thanks, saying: "The lighthouse board has learned with pride and gratification of your thoughtful courage. It is expected that brave and faithful men will be found in its service, but to find a woman able at a perilous time to assume the duties of an absent man and thus prevent peril to life and property is a matter for double congratulation."

Boston Clubwomen.

The Woman's Clubhouse corporation of Boston is busily engaged in creating a new public interest in its proposed work of establishing a clubhouse. The fundamental purpose is to have a suitable building as a central rallying place

for the club interests of the state. Boston, like other large cities, feels the need of a creditable building as a meeting place for women and men who are interested in intellectual, artistic, philanthropic, business and social pursuits. The enterprise is a large one and requires a liberal amount of capital. It is estimated that the land and building will require an outlay of \$200,000. The organization is on a business basis and is expected to return a fair interest to investors. A nucleus for the fund has been deposited with the Massachusetts Loan and Trust company, and the shares of stock are \$50 each and non-assessable.—Boston Letter.

FOR LITTLE FOLKS.

SMARTEST PARROT ALIVE.

He is a Poet, a Singer, an Eloquentist and Can Even Say His Little Prayers.

I'm the great orator Cicero,
The great speaker,
The great John Gab!
I can beat Demosthenes!
I bring in the money
When I talk!

Cicero is a parrot, and the above is his speech of introduction to curious strangers who visit him at his home.

He is a Mexican double yellow head parrot. The body is light green, shading off to yellow on the head. He is about 3 years of age.

He has proved a wonderfully teachable bird and has received daily lessons from a fancier who makes a business of training birds. His teacher facetiously calls him the valedictorian of the class of '98.

He will, for instance, sagely inform you that he is

The little boy who stood on the burning deck
Eating peanuts by the peck.

And then, lest you should misunderstand him, he adds:

"I'm the great Chaucer de Peach
Depew, nit."

He sings for your delectation "Way
Down Upon the Suwanee River," "Lit-

tle Brown Jug," "Peek-a-Boo," "Daddy, Won't You Buy Me a Bow-wow?" and as you leave he will favor you with a parting song, which sounds rather odd from a beak:

How can I bear to leave thee?
One parting kiss I give thee.

He is very courteous in his speech, though perhaps a bit too familiar. Whether you have gray hair or are just out of dresses he will accost you with:

"Good morning, dear. Good morning, little pet." Or:

"Bow-wow-wow! Whose dog art thou? I'm Tommy Tucker's dog. Bow-wow-wow!"

But he has his serious side, this gay, chattering parrot, for he can say, "Now I lay me," etc., as solemnly and impressively as a mother teaching her little one at her knee.—New York World.

How Many Toes Has a Cat?

"How many feet has a cat?" asks the little schoolma'am. "Four." "Quite right." And how many claws has a cat? "Why, four times five of course," says the lightning calculator boy of the red schoolhouse. "Has she?" exclaimed the deacon in surprise.

WHO HAS COUNT'D THEM?

"How many claws has our old cat?" Asked Eddie. "Who can tell me that?"

"Oh, that," said Harry, "every one knows! As many as you have fingers and toes."

"Yeth," lisped Ethel, "shee'th jueth got twenty—

Five on each foot—and I think it's plenty."

"Yes," said Bertie, "just five times four. That makes twenty, no less nor more."

"Wrong," said Eddie; "that's easy seen. Catch her and count 'em—she has eighteen!"

"Cats on each of their two hind paws Have only four, and not five, claws."

How to Make a Combination Picture.

Have you ever made a combination picture? It's a splendid way to put in these long winter evenings. "A Cluster of Babies" makes a good subject for the girls, and "Football Favorites" will do for the boys. The pictures can be clipped from the newspapers and the magazines. After the girls have a large collection of baby faces the pictures must be neatly trimmed and pasted on a big sheet of paper so that the effect will be that of a hundred or more babies looking out of a window frame. Some are crying, some are smiling and some look pert and saucy. If you are fond of birds, make a combination picture of them, or you can have a flower garden if you wish. Gathering pictures of public men is a good plan, too, for it familiarizes one with celebrated faces.

FOR PURE FLOUR.

Milling Industry of the Northwest to Take Action.

Washington, Feb. 10.—The extensive milling industry of the northwest is organizing to secure favorable action on the "pure-flour" bill introduced by Representative Pearce of Missouri.

Representative Tawney of Minnesota supports the measure. He says the agricultural department has made investigations on the adulteration of flour which show conclusively that a law for purity in this most common article of domestic use is necessary.

Davitt Moves Amendment.

London, Feb. 10.—The debate on the address in reply to the speech from the throne was resumed in the house of commons. Michael Davitt moved an amendment calling attention to the distress in Ireland and the failure of the potato crop. The motion was seconded by John P. Hayden and was supported by John Dillon, chairman of the Irish parliamentary party, who said the misery in Ireland was a scandal to the government. Mr. Dillon added that the distress was aggravated by evictions of the starving, and he called upon the government for immediate, comprehensive proposals for the relief of the sufferers.

Convenes in Milwaukee.

Milwaukee, Feb. 10.—The annual meeting of the Loan and Building association league of Wisconsin, which began Wednesday, is largest in point of attendance ever held by that organization. The convention was formally opened in the big banqueting room of the hotel this afternoon with an address of welcome by Mayor Rauschenberger, to which President J. J. Maher of the association made response. Papers were then presented on collective capital, the service and influence of the state league in shaping legislation and other subjects relative to the work of building and loan societies.

Sovereign to Found a Party.

Kansas City, Mo., Feb. 10.—J. R. Sovereign, ex-general master workman of the Knights of Labor, announces that he has almost completed arrangements for a secret politico-labor organization to be an adjunct of the free silver cause. The organization, which is to prevent the coercion and intimidation of the workman at elections, is to have ramifications in every state in the union. The name of the organization will be announced within a few days, he says, and headquarters will be established in Kansas City, St. Louis or Omaha.

Hardware Dealers Meet.

Minneapolis, Feb. 10.—In connection with the annual meeting of the Minnesota Retail Hardware Dealers' Association, which opened Wednesday, representative hardware men from Wisconsin, Nebraska, Iowa and the Dakotas are present for the purpose of bringing into existence a northwestern association to embrace the retail hardware dealers of the six states named. An effort will be made to induce the manufacturers and wholesalers to sell only to those engaged exclusively in the hardware business.

A WOMAN'S SUFFERINGS.

Some of the Agonies They Needlessly Endure.

Nervousness and Female Weaknesses Ruin Many Lives.

These Poor Sufferers Have Found A Sure Way To Get Well.

Female weaknesses are more common today than ever before. Constant work and worry weaken the nerves and vitality, and female weakness follows. As a result there is pain, discharges, suppression, irregularities, weak back, inflammations, bearing down, bad taste in the mouth, loss of appetite, faintness, constipation, nervousness, sleeplessness and irritability. Mrs. S. Taylor, of 251 West 17th St., New York City, says:

"For years I have been unable to attend to my household duties owing to severe sickness. I was troubled terribly with female weakness, suppression of the menses for over six years, nervous exhaustion, sleeplessness and general debility. I had coldness of limbs and feet, and was in a helpless condition. I feared I should never get well."

"I had been under a doctor's care all the time but got no better. I was utterly prostrated, and good for nothing. By the advice of a friend who was cured by Dr. Greene's Nervura blood and nerve remedy, I began using this wonderful medicine. After taking it a short time I was completely cured of all my troubles. My nerve strength returned, my female weakness entirely left me, my nervousness disappeared, I slept well and was in perfect health. For this blessing I have to thank Dr. Greene's Nervura blood and nerve remedy. It is a wonderful medicine."

Such testimonials as these are always the means of curing thousands of suffering women who are wise enough to accept the advice of those who have been cured. Countless numbers of people all over the land have regained their health by this wonderful remedy, and are crying out to their fellow creatures to take Dr. Greene's Nervura blood and nerve remedy, and be made well and strong. It is not a patent medicine, but the prescription of the most successful physician, Dr. Greene, of 148 State Street, Chicago, Ill., who can be consulted free, personally or by letter.

Copper River Route Unsafe.

Vancouver, B. C., Feb. 10.—Authentic information just obtained indicates that the proposed Copper River route to the Klondike is utterly impracticable. A short distance from the sea the river divides into several branches, all of which are beset by flats and sandbars, and the water is extremely shallow and swift. Further up the main stream numerous glaciers project and are continually breaking off into the river, causing whirlpools and eddies. Beyond the glacial belt the river passes through deep canyons in furious rapids. The river is not navigable for steam craft of the lightest draught and even Indian canoes in experienced hands can be used only in certain places. The interior of this district is unexplored, but from the nature of the surrounding country it is considered likely that it will always remain a sealed region.

Respite for Shannon.

Springfield, Feb. 10.—Governor Tanner has granted a stay of execution in the case of Edward Shannon, who is sentenced to be hanged at Wheaton next Friday. Shannon was convicted of murdering his divorced wife. The respite is granted in order that the case may be taken before the board of pardons, to consider a petition for commutation of sentence.

To Represent the United States.

Washington, Feb. 10.—Prof. Edmund J. James of the University of Chicago has been nominated by the bureau of education at Washington to represent the United States government as delegate to the international congress of commercial instruction at Antwerp, to be held April 16, 1898.

Torpedo Boat for Havana.

Washington, Feb. 10.—Orders have been sent to Capt. Samson, in command of the North Atlantic squadron off Key West, to send the torpedo boat Cushing to Havana with stores for the use of the Maine. She will leave in a day or two and will return as soon as the stores are delivered.

Think They Might as Well Starve.

New York, Feb. 10.—About 3,000 trouser-makers of New York, Brooklyn and Brownsville have gone on strike for an advance in wages. They claim that they had to work 16 hours a day, getting from \$5 to \$9 per week as wages.

Lead and Zinc in Oklahoma.

Newkirk, O. T., Feb. 10.—Lead and zinc in rich paying quantities have been discovered in the new Kaw reservation which joins Kay county on the east. A Joplin prospector declares the find superior to anything discovered in Missouri or southeastern Kansas.

LOWELL--THE BARGAIN MAN.

WE are doing a truly remarkable business in the cloak department, selling as many garments each day as we did in the busy days of last November. when cloak business for the season was at its height.

We show more garments today than the average store displays at any time during a season, and they are all of this season's make, every one being correct.

When women see what splendid coats they can buy at half price and less, it is hard for them to resist. \$2.87 secures a choice from a lot of Ladies' and Misses' jackets. \$5.00 takes many that are really wonderful value, and at a little higher figure you can pick out the best on the racks. February promises to be a record breaker for cloak business. Have you been in yet?

A 'cheap' Sewing Machine May Be Too Cheap.

BUYING MACHINES FROM strangers is costly business. We sell machines as cheap as reliable machines can be put on the market. We back them with a positive five year guarantee—our personal guarantee and the maker's. The makers are the National Sewing Machine Co. of Belvidere, one of the largest concerns in the country. They turn out 500 machines a day, and can build thoroughly good machines on the closest possible margins. We show four of their best sellers:

At \$16 "Expert".

At \$20 "Seamstress."

At \$25 "Eldredge B."

At \$30 Eldredge B (Drop Head.)

OUR \$16 machine is worth two of any other low-priced machine on the market and is backed by a sweeping five year guarantee. Every part is case hardened. All parts are interchangeable, so that repairs can be had on a day's notice. The machines will last a life time. They are built by skilled mechanics. They are built in a factory; not in a foundry. They are backed by a responsible firm and if anything goes wrong you know where to come.
